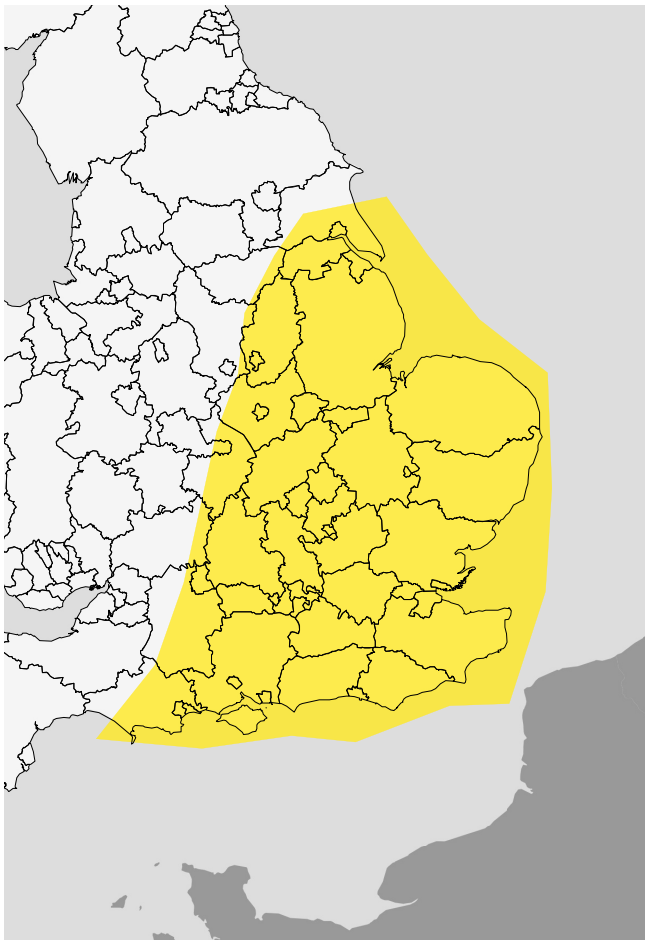
Yellow warning
Thunderstorm

Between
00:00 Tue 25 Jun 2019 and
10:00 Tue 25 Jun 2019



Thunderstorms are likely, these potentially severe, bringing a risk of flooding and disruption to travel.

What to expect

- There is a small chance that homes and businesses could be flooded quickly, with damage to some buildings from floodwater, lightning strikes, hail or strong winds
- There is a small chance of fast flowing or deep floodwater causing danger to life
- Where flooding or lightning strikes occur, there is a chance of delays and some cancellations to train and bus services
- Spray and sudden flooding could lead to difficult driving conditions and some road closures
- There is a slight chance that power cuts could occur and other services to some homes and businesses could be lost

Further details

Thunderstorms are expected to spread north from France on Monday night before clearing away into the North Sea during Tuesday morning. Whilst some locations will miss these storms, where they do occur 20-30 mm of rain could fall in one hour, with a few spots perhaps seeing as much as 40-60 mm in an hour or two. This is very unusual for the UK. Hail, lightning and gusty winds are also likely in some places.
